

Newsletter from Congressman Mel Watt (NC-12)

Dear 12th District Constituent:

Health care in the United States is in crisis – health care spending accounts for an increasing share of federal, state and household budgets and approximately 48 million Americans are uninsured.

President Obama has started discussions with Congress, physicians, health care advocates, industry representatives and concerned Americans about possible solutions to our national health care problems.

North Carolina has been selected to host one of five Regional White House Forums as part of this ongoing dialogue. The forum will be held at the North Carolina A&T University Alumni-Foundation Event Center, 200 N. Benbow Road Greensboro, NC 27411 on Tuesday, March 31, 2009 at 10:30am.

If you would like to participate in this Regional Health Forum you may register at <http://www.governor.state.nc.us/events/regionalHealthForum.aspx>.

Sincerely,

Melvin L. Watt
